State Constitutional Convention.

NINETEENTH DAY.

MONDAY, Sept. 27.

The Convention met at 10 o'clock, President Ransom in the chair.

Prayer by the Rev. Dr. Pritchard, of the city.

Journal of Saturday read and approved.

MISCELLANEOUS.

On motion of Mr. Menden, Col. Julian Allen and Capt. Oliver B. Leitch, of New York, were invited to honorary seats on the floor of the Convention.

Messrs. Carter, Durham and Goodwin were reported as being detained in their rooms on account of sickness.

RESOLUTIONS.

By Mr. Jarvis, a resolution to amend rule 12 so as to require a member to speak only once upon a question, and then only for ten minutes.

Mr. Jarvis moved to suspend the rules and the resolution be put on its passage.

Mr. Bowman demanded the yeas and nays on the motion, and being sustained, the roll was called and the motion lost.

By Mr. Blocker, a resolution to adjourn sine die on the 4th of October. Lies over.

UNFINISHED BUSINESS.

The ordinance in relation to mixed schools was taken up as the unfinished business of Saturday. The substitute was adopted.

Mr. Buxton's amendment, introduced on Saturday, was adopted.

The question then recurred on the Crosby amendment.

Mr. Withers said the amendment advocated by Mr. Tourgee proposed only to defeat the express stipulation in regard to separate public schools for the two races.

Mr. Barringer doubted the propriety of passing the amendment offered by Crosby, and opposed the same in a lengthy and prepared address, which will appear in full in the public press in a few days.

Mr. Morehead called the previous question, which being sustained, all amendments were voted down and the bill passed its final reading by a vote of 95 yeas to 3 nays. Those voting in the negative were Crosby, Col. Bell and Thorne.

Mr. Thorne explained his vote at some length, but as he stated that his expressed views would be published in *extenso*, the reporter regards it unnecessary to condense his remarks.

CALENDAR.

The following ordinances were taken up in regular order and tabled:

Ordinance to rescind sec. 37, art. 7.

Ordinance requiring the Governor to reside in the Executive Mansion.

Ordinance to amend sec. 29, art. 2.

Ordinance to amend art. 1, sec. 5.

Ordinance to reduce the salaries of the Executive Officers.

Ordinance to amend art. 6, sec. 5, of the Constitution.

Ordinance to amend sec. 10, art. 1, of the Constitution.

Ordinance to amend sections 4 and 5, art. 9 of the Constitution.

An ordinance introduced by Mr. Cooper in regard to the preservation of the school fund, requiring the same to be paid only to County Treasurers, and by them distributed, was informally laid over on motion of Mr. Morehead, who is Chairman of the Educational Committee, assuring Mr. Cooper that ordinance 143 met the requirements of his ordinance.

Ordinance 143, for the preservation and distribution of the public school fund taken up. The following substitute (by the committee) for the ordinance was adopted:

Sec. 1. The proceeds of all lands that have been or hereafter may be granted by the United States to this State, and not otherwise appropriated by this State or the United States; also all moneys, stocks bonds and other property now belonging to any State for the purpose of education; also the net proceeds of all sales of the swamp lands belonging to the State and also all other grants, gifts or devises that have been or hereafter may be made to this State, and not otherwise appropriated by the State or by the terms of the grant or devise, shall be paid into the State Treasury and together with so much of the ordinary revenue of the State as may be by law set apart for that purpose, shall be faithfully appropriated for establishing and maintaining in this State a system of free public schools, and for other purposes of education.

Sec. 2. All moneys, stocks bonds and other property belonging to the State for the purpose of education, also the clear proceeds of all penalties and forfeitures, and of all fines collected in the several counties for any State for the purpose of education, shall be paid by persons as an equivalent for exemption from military duty, shall belong to and be paid to the several counties and shall be faithfully appropriated for establishing and maintaining free public schools in the several counties of this State.

Adopted.

The question then recurring on the passage of the bill.

Mr. Tourgee, offered the following amendment which was adopted: provided "that the amount collected in each county should be annually reported to the Sup't. of Public Instruction."

"to come in at the end of sec. 2nd.

After considerable discussion the ordinance passed its second reading.

Mr. McCabe moved a suspension of the rules to put the ordinance on its third reading. Failed.

Ordinance No. 157, to amend art. 14, sec. 14, of the Constitution in reference to the rotation of Judges, taken up and the following substitute recommended by the Committee:

REPORT OF THE COMMITTEE ON THE JUDICIAL DEPARTMENT.

The Committee on the Judicial Department, to which was referred Resolution No. 157, have considered the same, and recommend the adoption of the following substitute:

"That every Judge of the Superior Court shall reside in the district for which he is elected. The Judges shall reside in the Courts of the different districts, successively; but no Judge shall hold the Courts in the same district oftener than once in four years; but in case of the protracted illness of the Judges assigned to reside in any district, or any other unavoidable accident to him, by reason of which he shall become unable to reside, the Governor may require any Judge to hold one or more special terms in said districts, in lieu of the Judge assigned to hold the Courts of said district."

A number of amendments were offered by the Republican side of the house, and all voted down.

The bill then passed its second reading.

Adjourned.

NORWOOD'S NIGGER EXPRESS.—It is a good thing, Mr. James Norwood of Hillsboro stepped into the Express office at Hillsboro the other day with a basket containing four puppies to be sent to a friend at Weldon. The gentlemanly express agent informed him that ten dollars was the usual charge. Norwood could not see it and engaged a negro man to walk through the country and carry the basket on his head and to work two weeks for him besides after he got back, "for eight dollars. He charged the darkey, however, to be sure to walk back, for if the express should charge for the darkey according to weight as they charged for the puppies it would come to \$135.00, besides probably 1 or 2 per cent. extra charge for the odor. To any person desiring to ship canines we recommend as first class in all respects "Norwood's Puppy Express, per nigger."

PERSONAL.—Col. Julian Allen and Capt. Oliver B. Leitch of Brooklyn, New York, are enjoining temporarily at the Central Hotel. Col. Allen came to North Carolina about eight months ago on a general prospecting or observation tour, and was so well pleased with our State that he invested largely in real estate in Iredell county and will at an early day remove his family to his new possessions.

Capt. Leitch, a prominent Brooklyn capitalist, is on his first visit to the State and we are glad to know he is seemingly well pleased with our climate and people. These gentlemen paid a visit yesterday to his excellency Gov. Brogden, where they were most cordially welcomed, and afterwards to the Hall of the House of Representatives where the Constitutional Convention is in session, and invited to honorary seats on the floor. We wish them a pleasant tour through the State.

THE NEWS has worked laboriously for the party and for the people. It has always been disposed to pass over injustice to itself for the sake of harmony, but when a proposition is entertained in a certain quarter to pay this paper half as much as for the same amount of advertising done by a paper with a third of our circulation, we feel that it would be a gross injustice to ourselves and to the taxpayers who have to foot these bills to be quiet under it. We believe, however, justice will be done as now that attention is called to the fact, and shall have no more to say for the present. We do not complain at the price paid the other paper, but ask for the same amount of advertising at equal pay.

SHOOTING AFFAIR.—Two negro boys, aged respectively 16 and 17 years, got into an altercation last night near the market and one was shot through the jaw with a small barrel cartridge pistol, but not seriously damaged. The shooter, whose name we think is Sam, says he shot at the boy because he did not know the pistol was loaded or he would not have been so rash; he only intended to "sneak" him. The case will be brought up before the Mayor this morning and disposed of. The boy Sam should be well whipped by his father as also Wesley Jenkins, the boy that loaned Sam the pistol, and thus end the matter.

CHILDLY MORNINGS and evenings are often dangerous, especially to children and sickly people in houses which have not felt the warmth of fire during the entire summer. A little fire will be found beneficial as well as comfortable in almost every house and dwelling that has been closed all the summer. They should not only be aired out by the kindling of fires but they should be thoroughly aired whenever there is fine weather before they are occupied. Neglect of these precautions may be dangerous and even fatal.

MEETING OF THE BOARD OF ALDERMEN.—A special meeting of the Board of Aldermen was held last evening, his Honor, Mayor Manly, presiding.

All the members present except Messrs. Blake, Armstrong, Bradley and Ellison.

Mayor Manly called the attention of the Board to the fact that the News had been elected city printer last Spring, and had been doing the work up to this time, so far as he knew, satisfactorily. That the News had been informed that a certain lot of the printing had, contrary to their understanding of their contract, been put out to the lowest bidder, and that Mr. Cameron, the Editor of the NEWS, was represented in the meeting by Walter Clark, Esq., the attorney of the News. Considerable discussion ensued, from which it appeared that the said printing had been put out to the lowest bidder by a Committee who had misunderstood their instructions. Alderman McKee, one of the Committee, insisted that he had not misunderstood his instructions and called for an expression of the sense of the meeting. On the call of the Mayor, each Alderman rose in his place and in turn expressed his recollection of the object of the instruction. With the exception of Aldermen McKee and Stronach all expressed their understanding to have been "power to print" if they saw proper, but expecting, of course, the printing to be done by the City Printer, Alderman Hamell (very properly) asked that if the printing was to be put to the lowest bidder, why had a City Printer been elected? The Board resolved to instruct the Committee to remove the job to the City Printer, and make arrangements to pay the parties having the job in charge fair compensation for the work already done.

[We ask for the NEWS only fair dealing. As City Printer we intend to perform only our duties as such, and have yet to hear the first complaint of our work or prices.]—REPORTER.

A DELECTABLE TRIO.—Old Thorne, the same who was righteously expelled from the House of Representatives as an infidel, explained his vote yesterday on voting against the proposition to establish separate public schools for the races. We would not so far forget the propriety of maintaining the decency of our columns as to devote space to any remarks of this irredeemable old sinner, only to remind the white people of Warren that their delegate is more civil right now than when he voted against the bill forbidding the binding of white children to negro masters. It will be remembered that Thorne was the only white man that voted for this bill, but in the Convention he has found a bosom companion, one "just suited to his mind." Bell, of Bertie is "with him" on his "nigger" and even goes so far as to tell the negro's themselves. Crosby, a negro, and the third man of the delectable trio that favored the "mixing" proposition, knew no better, and we have not ought to say against him, but from any association with Thorne or Bell "Good Lord deliver us."

BAD POSTAL MANAGEMENT IN NORTH CAROLINA.—In consequence of having received no Raleigh papers on Thursday we are forced to publish this morning's paper.—Charlotte Observer.

The above is a fair sample of almost daily complaints at the mismanagement of postal affairs in North Carolina. The people of this State have borne this state of affairs quite as long as they should. From the extract it will be seen that the failure applied to all the Raleigh papers, and could not have been due to any error in mailing at the News office. We are very careful in mailing, and as we use a mailing machine, an error at our office is almost impossible. The great complaint is along the route from here to Fayetteville, and along the route from here to Charlotte.

MAJOR'S COURT.—Mayor Manly's usual 10 o'clock levee was rather thinly attended yesterday; only two cases of "drunk and disorderly on hand, with one young man who mistook Fayetteville street for Runnymede park, and let out his resolute beyond the speed of the law. The "Gillpin" of Fayetteville street, John Cantwell, by name was required by his Honor to pay the entry fee in advance, amounting to 75 cents, including cost for repairs to the course. The bacchanalian revelers, Peter Smith and Daniel Jones, went to the tune of \$5 each.

CALDWELL GROWTH ANGRY OVER SMALL MATTERS.—Caldwell, of the Charlotte Observer, forgetful of his self-respect, thus communes with his readers:

"We are no advocate of mob law, but would like to know how much longer the man who drinks whiskey, eats onions, sucks a short stem pipe and then comes to tell you a secret, shall be permitted to run at large before a patient and long suffering community shall rise in its injured majesty and sweep him from the face of the earth."

No CHARGE FOR PRIVATE VEHICLES.—The Executive Committee of the State Agricultural Society has decided to make no charge this year for the entrance of private vehicles into the Fair Grounds.

ODD FELLOWS LAWS.—At the late session of the Odd Fellows in Indianapolis, the following rules and regulations of the order were adopted. They will be of interest to the Odd Fellows generally:

First. A member in good standing in his lodge is entitled to pecuniary benefits while sick and unable to attend to his ordinary avocation, although he may have an income sufficient for his support while he is in the order.

Second. It is lawful for a subordinate lodge to donate its funds for any purpose with the object and scope of the order.

Third. The general management and conduct of degree lodges are subjects of local legislation.

Fourth. That a grand lodge of a State must grant an appeal from its decision to the Grand Lodge of the United States; and that in vacation the Grand Master cannot grant said appeal.

Fifth. That a subordinate encampment should not use its funds to procure street uniform.

Sixth. That a member of a subordinate lodge desiring to join an encampment should join the nearest encampment to his residence in the same jurisdiction.

Seventh. That a brother in good standing cannot be kept out of the grand subordinate lodge while the minutes of the preceding meeting are being read, if he desires to enter and can work his way into the lodge.

Eighth. That the Grand Encampment of Ohio has no right to assign as a representative of a district a patriarch who is not a member of an encampment in the district he is assigned to represent, but the nearest encampment to his residence in the same jurisdiction.

Ninth. That the law authorizing the N. G. of a lodge to communicate the semi-annual pass word to a brother of another lodge, at the request of the N. G. of the lodge to which he may belong, under the seal of the lodge, applies to the N. G.'s in the same jurisdiction, and not in different jurisdictions.

A RALEIGHITE IN TROUBLE IN INDIANAPOLIS.—We find the following incident in the Indianapolis Journal relating to one of the delegates from this city to the Grand Lodge of Odd Fellows in session in that city last week:

One of our visitors, a grand representative, lost his overcoat on Saturday evening, by leaving it in the hotel while at tea. On coming out he found an overcoat, but not his own; he had an objection to the color, not simply because he is a white man, but by reason of the fact that he is sensitive as to his own. He quietly walked through the reading-room, scanning everybody's outer garment and ultimately discovered one looking natural on an inebriated chair, behind a sober gentleman. The sober gentleman got up and the ineb
